# Innovative GIS Solutions for Government and Industry

ArcGIS Online Fast Track Implementation Solution

- What if I can get my GIS up and running in a week or less?
- What if I can provide access to web as well as mobile devices to my end users?
- What if I don't have to maintain GIS servers?
- What if I can get GIS software as a service?
- What if I can integrate Microsoft Office seamlessly with my GIS?
- What if I can improve data sharing among end users?
- What if end users can have easy access to maps and applications without installing any software?

Finally, there is an answer to all of these "what if" scenarios. Let EI Technologies fast track your ArcGIS Online implementation and we will get you up and running in no time.

EI Technologies has developed an ArcGIS Online Fast Track Implementation Solution that will provide you:

- Quick assessment of your ArcGIS Online needs
- Setup and configuration of ArcGIS Online account
- Setup up to ten maps for your organization within ArcGIS Online
- Setup up to three applications appropriate for your organization within ArcGIS Online
- Provide seminar for end users for use of ArcGIS Online maps, web applications and Microsoft Office integration
- Provide as-needed ongoing support for your organization in maintaining ArcGIS Online

We have developed a fixed price pricing menu for your ArcGIS Online Fast Track Implementation Solution. Our prices are competitive and will get you up and running with ArcGIS Online.

Organization	Fixed Price
Population Under 25,000	$8,250
Population 25,001 to 50,000	$14,500
Population 50,001 to 100,000	$23,750
Population Over 100,000	Call
